Local Bank Helps With Hurricane Relief

In an effort to help the American Red Cross supply victims of Hurricane Katrina with critical necessities such as shelter, food, counseling and other assistance, American National Bank challenged its employees. For all donations collected for the Red Cross from their employees company-wide, the Bank would match their donations up to \$15,000.

The employees came through. Not only did the Bank employees give what they could, but customers also joined in for a grand total of over \$25,500. In addition to straight monetary donations, the amount raised was supported via bake sales, car washes, popcorn days and more. Combined with the \$15,000 from American National Bank, over \$40,500 was donated to local Red Cross chapters.

“On behalf of all our employees, we want to extend our thoughts to the victims of this disaster,” says President's Name, President of the City bank. “American National Bank is committed to supporting worthy causes that may help to improve the quality of life for individuals and communities.”

With assets exceeding \$1.8 billion, the Bank serves its customers through its 33 banking centers throughout Colorado and Wyoming. The Bank offers financial services for personal and business needs such as checking and savings accounts, on-line banking, investment options, cash management services, trust services, consumer, commercial, SBA, and mortgage loans.
